

The Urban Landscape

September 14, 2019-January 16, 2020

The Lois & Richard England Gallery at Iona is proud to exhibit "The Urban Landscape," featuring seven local artists. Each individual artwork transports us into a place where the scent of air is imagined, colors are experienced, and the vibrancy or stillness of the locale serve to inspire.

We invite you to see this colorful display featuring:

Linda Button	Ann Schaefer
Jane McElvany Coonce	Tom Walsh
J. Ford Huffman	Elaine S. Wilson
Richard Levine	

The exhibition is curated by Joey Mánlapaz, MFA
Professor, Corcoran at George Washington University

The exhibition will be on display from September 14, 2019-January 16, 2020.

Help us celebrate the accomplishments of the seven artists!

Join us for an energetic reception, with conversation, refreshments, and live music. This reception is also part of the popular Tenleytown Arts All Night celebration, featuring live music, dance, theater, and martial arts throughout the area.
